TOWN WARRANT
STATE OF NEW HAMPSHIRE

(L.S.)

To the inhabitants of the Town of Enfield, qualified to vote in Town affairs:

You are hereby notified to meet in Whitney Hall in said Town of Enfield on the 12th day of March next, at nine o'clock in the forenoon to act on the following subjects:

Article 1. To choose by ballot all necessary Town Officers required by law to be chosen for the ensuing year.

Article 2. To choose by ballot one Selectman for Three years, one Library Trustee for three years, and one Trustee of Trust Funds for three years.

Article 3. Pursuant to a petition of ten legal voters, the Selectmen are requested to submit to the voters, on the Town Ballot, the following question:
"Shall the Selectmen be authorized to appoint the Road Agent, Overseer of the Poor, Police Chief, and Collector of Taxes?"

Article 4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes, and the sum so borrowed to be paid during the ensuing year.

Article 5. To see if the Town will vote to accept the sum of one hundred dollars, in trust, from the bequest of Charles L. Sweeney, the income therefrom to be used for the perpetual care of the Charles L. Sweeney lot in the Oak Grove Cemetery.

Article 6. To see if the Town will vote to adopt the Budget and raise and appropriate the sums recommended and posted by the Budget Committee, or act thereon.

Article 7. To see if the Town will vote to appropriate the Capital Reserve Fund for State Aid Construction ($1300.00 plus interest) as part of the Town's share of State Aid Construction, and raise and appropriate a sum not to ex-

ceed $2925.00 as the balance of the Town's share ($4266.00), the State to furnish $27,000.00, or act thereon.

Article 8. To see whom the Town will vote to name as its agents to carry out the objects designated by the Capital Reserve Fund for State Aid Construction.

Article 9. To see what action the Town will take on the subject of appointing a committee to investigate the needs and desires of the Town in regard to an all purpose community building, and said committee to submit a report to the next annual Town Meeting relative to type, location and costs of the same.

Article 10. To see what action the Town will take in regard to withdrawing that section of unimproved Secondary Highway System, running from Enfield Village to the Fourth New Hampshire Turnpike, from the Secondary State Highway System, 1945 map, and contingent to that action to see what instructions the Town may give to its Representative.

Article 11. To hear the reports of Agents, Auditors, Officers, or Committees heretofore chosen, and pass any vote thereto.

Article 12. To take any vote or transact any further business that may legally come before said Meeting.

Polls will open at 9:30 a.m. and not close before 5:30 p.m.

Given under our hands and seals this 24th day of February, Anno Domini 1946.

Eugene H. King,
Harry B. Biathrow,
Arthur H. Rock,
Selectmen of Enfield.

BUDGET COMMITTEE REPORT

Fellow Citizens:

Your budget committee has performed under the authority of the statute and makes recommendations for your adoption or rejection according to your judgement. You may not, however, under the budget law, raise the total appropriations more than ten percent. When we tell you that the tax rate as now projected will go over $4.00 per $1,000.00 of valuation this warning is probably unnecessary.

In answer to your immediate question as to what has happened we could say that it costs more to pay for services of town government, which is true, and then again we might say that there might be a tighter hold on tax monies under administrative hands. The fact that at the end of the fiscal period, December 31, 1945, the cash balance on hand was only $165.47, as compared with the balance of $1,941.86 December 31, 1944, and a balance of $2,357.69 December 31, 1943, would seem to indicate this might be true. In any event under our present economy when the demands for service increase rather than decrease, it is entirely obvious that the best you can do is to insist that your tax money be wisely and carefully spent. Any attitudes you may have on this score should be recognized as attributes of good citizenship.

In the proposed budget there are four items that are definitely up. (1) Old age assistance is an exact figure and will cost that amount. (2) State Aid construction is back in to participate with a fund of $27,000.00 from the State. (3) A tool shed represents new money to house some $12,000.00 worth of town equipment. (4) The School must have more money for salaries and repairs. These four items represent the major increases although you will see others as you go down the list. Members of the budget committee will answer any specific questions for you on the day of town meeting and will welcome the opportunity.

Your budget committee is entirely realistic about these recommendations. We know that budgeting is fundamentally a problem of providing sufficient monies to pay bills that have to be paid. We advise a pay-as-

you-go policy, in so far as it makes sense and right now it does. The credit of the town is triple A and we think you should keep it so, until that time arrives when you want to show something big for your money. That day is not far distant when you think of a school building that is already beyond its normal life.

There is much that we would like to talk about in connection with our studies on your financial affairs, but we are reminded that legally we have only the responsibility of preparing a budget for your consideration. Here it is:

Respectfully submitted,

The Enfield Budget Committee

REPORT OF THE LIBRARIAN

Circulation	7197
Borrowers	891

The above figures do not include the service given the Enfield Center School by the New Hampshire Library Commission Bookmobile.

Over 400 books, gifts and purchases, have been added to the book collection during the past year. Gifts included both fiction and non-fiction and were of real value to the Library. Special mention should be made of the History of Wentworth, N. H., gift of Mr. and Mrs. Ernest Bailey; and of nine statuettes of famous musicians, gift of Messrs Thayer and Morris Nutter, who were also donors of books and magazines. The Librarian has started the binding of the old issues of the Enfield Advocate and the first two volumes published in 1894-1895 will be on display in a Book exhibit early in the spring. There are still many gaps in our file of Advocates and one of the most valuable contributions any citizen could make to our historical collection would be issues of the Advocate between 1905 and 1920.

In spite of war conditions we were able to purchase the badly needed new curtain drapes for the Library and sincere thanks is due Mr. Rudolph Mortenson for his assistance in dying the material to make it as nearly fast color as possible. Because of high prices and lack of materials it has been necessary to postpone practically all our binding for this year but it is hoped that this will be taken care of in the near future.

Attention is called to the booklists which are available free at the Library. Although many books are listed that we do not have the funds to buy, almost any of them may be borrowed for interested readers from the State library or Dartmouth College library. Books from the Congregational, Methodist and Catholic reading lists are included in the regular purchases of the Library, and the same is true for the Grange and University extension lists when they are sent us.

I wish to express my appreciation of the continued loyalty and faithful work of the Library assistants and also of the fine cooperation and interest shown by the Headmaster and teachers in the Enfield schools.

Respectfully submitted,

NELLIE L. PIERCE,
Librarian

THAYER NUTTER

PREVENT FOREST FIRES — IT PAYS

An average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year destroying many thousand dollars worth of property of all description. It costs many additional thousands of dollars and requires valuable man hours, taken from other essential work, to extinguish them. These loses affect the personal fortunes of the owners, and town and state economies. Everyone loses because of them.

Analysis of fire causes reveals the fact that more than 98 percent of a ll forest fires are, consistently, the result of human carelessness and are preventable!

We have been extremely fortunate during the past few years. Favorable fire weather and war time restrictions on travel which kept people off the highways and out of the woods have aided materially in reducing fire risks, keeping fires fewer and fire losses low.

We now face changed conditions. People can travel freely. Their love for travel and the freedom of the woods will bring them out in ever increasing numbers. This will step up the fire risks materially. The accelerated cutting of the war years has resulted in additional thousands of slash acres. These factors combined with a possible dry

season and human carelessness could easily produce a catastrophe. Everyone must, consequently, be on his guard. He should

1. e careful with fire o r when smoking in or near woodlands.

2. Cooperate with the local forest fire warden and his deputies by:

a. Abiding cheerfully with whatever restrictions it may be necessary to impose. They are intended only to be helpful.

b. Securing permits to burn debris when the ground is not covered with snow.

c. Seeing that others comply with the requirements.

d. romptly coming to the warden's assistance when needed.

If these few fundamental practices are followed it will be possible to PREVENT a large proportion of FOREST FIRES from starting—that PAYS!

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Enfield:

My twelfth annual report to the School Board of Enfield is herewith presented. In accordance with the ususal custom of this School District it is made a part of the report of the School Board to the District. These reports serve as a record of some of the happenings in the schools and later become valuable in securing information as to the operation of the schools.

Preview. No marked changes have taken place during the past year. The only major change is in the number of pupils in the grades at the Village School. The teacher changes were limited so that all of the schools operated without loss to the pupils in their regular school work. The war situation has lessened the pressure somewhat. The boys and girls have continued their activites and helped last Fall in some of the harvesting of crops. So long as the teaching personnel can remain fairly static there will continue to be educational progress both from the standpoint of scholarship as well as that of general behavior.

Buildings. We have had brought to our attention anew the need for somewhat extensive repairs to the Village School. As was stated last year the heating plant should be overhauled. It may require an entire new system as heaters such as the one now installed are not commonly effective after twenty years' service. It may be that the most economic solution in the long run will be found in suggestions made in these reports during the last two or three years that the Village School be enlarged to include a gymnasium-auditorium and other rooms which will render the building more useful and provide for further expansion. Your consideration of this need should be taken without undue delay, otherwise there will be generations of pupils who will be handicapped because of their limited opportunity. Your attention is also further directed to the fact that a provision has been made for the grading of the school lot to the rear of the present building. Now that the war is over this work should be undertaken just as soon as manpower and equipment are available for the purpose. These items are so important to the overall program of your schools that they are again brought to the attention of parents, citizens, and the School Board.

School Budget. It is probable that there will be a smaller balance in the school budget this year than has been true of the last two years. This is due mainly to the fact that one of the teachers who had been in the service returned to this school in the middle of the year after his discharge. According to the State Law, it was necessary for the School District to reemploy him for one year. Since the school has been operated for the past three years with one teacher less than a full staff, it was very opportune that Mr. Tenney could be re-employed and carry on the shop work which he had previously organized. Other than that, there have been no unusual expenses. The cost of fuel has increased somewhat, but that is to be expected under the present conditions. Due to the added fact that teachers' salaries must continue to be larger, it will be necessary that the budget be larger by about $1,000. The state Aid which Enfield receives is contingent upon the amount of money appropriated by the Legislature for this purpose. Since the Legislature has reduced the amount asked for by the State Board of Education, it means that even though Enfield is entitled to $6,000 it will not receive that sum until the total amount requested by the State Board is granted through the Legislature. The following table is continued to show the tax levy and State Aid over a period of sixteen years:

Budget:

Year	Expenditures	Tax Levy	State Aid	Yearly Balances
1930-31	$25,328.99	$23,000.00	$2,543.52	$3,376.93
1931-32	24,424.83	20,500.00	3,253.34	3,055.11
1932-33	22,841.13	19,000.00	2,899.20	218.97
1933-34	21,809.53	15,000.00	4,674.59	586.50
1934-35	22,020.84	16,000.00	4,041.79	266.06
1935-36	23,353.70	17,750.00	4,882.55	295.14

Pupil Enrollment and Distribution. The following table shows that the enrollment at the schools continues to increase. This increase will be more marked in the succeeding years due to the increasing enrollment in the grades in the Village School. The High School enrollment is much larger than last year and will no doubt gain as the war emergency need for juvenile workers lessens. Your attention is again directed to the small enrollment continuing in the Center School. The interests of the boys and girls in this school would be better served were they permitted to attend the Village School. Perhaps it is unnecessary for me to stress this in this report, but it is a fact which should not be allowed to be lost sight of in considering the long-term policy for the schools of Enfield. The total figures above point rather definitely to the need for increased facilities, particularly in the High School, as the teaching area will become more and more congested as the school progresses.

Pupil Enrollment and Distribution:

School	1	2	3	4	5	6	7	8	Total
Village	27	32	26	25	33	36	21	20	220
High School	9	10	11	12

School Board. It has been my privilege to serve many years under the direction of many different school boards. It has almost invariably been found that most boards take their work very seriously. They are interested in providing the best possible opportunity for the young people to gain those knowledges which will be of help to them in their future careers. The school boards of Enfield have long been people who were intensely in earnest in helping to solve the needs of the schools. The

community should give their board confidence and a chance to shape the schools and the school program toward a more intelligent and democratic-minded citizenship. So long as the community selects the members of the board without regard to personal prejudices or personal "axes to grind", it is reasonably certain that the schools will progress toward even better achievements than those of the past. Pupils, teachers and superintendent again wish to express to the board and the citizens of Enfield our appreciation for the cooperation extended to the schools. It is our hope that we may deserve further confidence on the part of all persons involved.

Respectfully submitted,

Robert J. Fuller

Superintendent of Schools.
